

TRIGA 'All-in-One' Tensioned Fabric Display Kit Specifications

Description:

A multi-purpose, modular display kit comprising all components required to create over 11 uniquely-shaped, tensioned fabric displays. All 11 configurations may be achieved using only 3 individually printed fabric graphics. The kit is available in standard height options of 1.5m, 2m, 2.4m, 3m and a 3.6m.

Parts List:

Item Code	Quantity	Description	Image
UB1000, UB1200 or UB1500	4	Bottom Upright Poles in 1m, 1.2m, or 1.5m height	
UT1000, UT1200 or UT1500	4	Top Upright Poles in 1m, 1.2m, or 1.5m height	
16310/804	4	Large feet	
CBL0850M150D	8	850mm Double-sided Cross Bars	
GRL0920	4	920mm Graphic Rails with Straight ends	
GRL0920LRCP	4	920mm Graphic Rails with left & right Corner Pieces	
GRL0920L	2	920mm Graphic Rails with left Corner Piece	
GRL0920R	2	920mm Graphic Rails with right Corner Piece	
GRL0850	2	850mm Graphic Rails with Straight ends	
58340/300	16	TRIGA Tensioning units	
ACCBAGSTD	2*	Standard Carry Bags*	

*The 1.5m high option includes a single large carry bag only. All other heights require 2 x standard sized carry bags

Print Specs:

A minimum of three fabric prints are required to create all 11 configurations. Print sizes as follows:

System Height	Print Height (mm)*	Print Widths (mm)**	
		Print 1	Prints 2 & 3
1.5m	1470	3150	1180
2m	2080	3150	1180
2.4m	2480	3150	1180
3m	3080	3150	1180
3.6m	3680	3150	1180

*Height includes 40mm clearances on the top and bottom of the print

**Width includes 130mm clearances on the left and right hand sides of the print
